This is our first “Project of the month”.

When we think of any country and its jewellery, we imagine a jewellery piece that represents that country. For example, when we think of an Egyptian necklace, we imagine a wide collar with specific colors, especially gold. It did not have to look exactly like an ancient Egyptian necklace, just have that special flavor; it had to be inspired by the ancient Egyptian style.

Here you can see the results of our little designing game.
