This is our second “Project of the month”.

We create a jewellery design in a style of a chosen country. France is the country of this month.

How do we imagine a “French necklace”? Evidently, we have very different pictures in our minds. Our projects are very different even if we thought of the same country of our inspiration.

Here you can see the results of our little designing game.

## Maria's project

Maria's project is versatile. She suggests making 2 clasps on each end of the necklace. This way you can put it not just on your neck, but also on your top, bag or jeans (you can even use a key ring if the clasp is too small in this case)
